

Year 5 Family Homework

Family Homework invites the children, siblings and parents/carers to spend time together, collaborating and having fun when completing the tasks set. Families will have the opportunity to complete a series of tasks that are sent home at the beginning of each half term. The suggested activities list is not exhaustive; we ask the children to do as many of the suggested ideas as they wish. Families are able to choose when they do the homework and how this could look so there is flexibility built in for our differing families and all of their needs. This homework is **optional** but we will highly value all the family homework that is shared, families can do as much or as little as they choose.

Feedback will be given to pupils on their homework verbally by adults and peers.

Year 5 – Allotment

Please complete as many tasks as you are able to from those provided or perhaps you could even think of some of your own! Where possible, use recyclable and reusable materials.

You have **5 weeks** to complete these tasks as it is a shorter half term but we have already started it before Easter. Please look at the core homework for Summer 1 with updated 5/6 spellings.

Key Dates

– Family homework due in school when complete

Family Homework

Did You Know? Create your own amazing fact book about a fruit or vegetable of your choice. Share your newfound knowledge with your family and friends.

Poetry Create an acrostic poem for the word 'allotment'

Creative do some still life drawings of some fruit or vegetables or use them as a painting tool for some abstract art

Writing write different recipes that include the fruit or vegetable you have chosen to research at school,

Music Make a musical instrument out of a fruit or vegetable

Your Own Ideas! We are sure that you have some brilliant ideas of your own that you want to do to show your learning about the Allotment. You can produce anything you like about our topic!

Discovery

Help prepare a healthy recipe that you have never cooked before and take a photo of you preparing the food.

Farming Machines – design a new piece of farm machinery. Label it and explain how it would help farmers.
